

CALFED
BAY-DELTA
PROGRAM

1416 Ninth Street, Suite 1155
Sacramento, California 95814

(916) 657-2666
FAX (916) 654-9780

Date: February 28, 1997
To: BDAC Members
From: Steve Yaeger, Deputy Director ✓
CALFED Bay-Delta Program
Subject: Phase II Technical Evaluations (Information Report)

Recently, the Program has been asked to explain the differences between the programmatic EIR/EIS impact analyses and the concurrent Prefeasibility Studies. Attached is a brief paper which hopefully explains those differences. At the BDAC meeting we will review the paper and respond to questions and comments.
